The objective of the overall project is to improve the Sierra Leonean health system so that it is better tailored to the needs of selected population groups.

The objective of the tender published is to engage multidisciplinary General Planner Services to develop a comprehensive, coordinated, and permit-ready design and tender package for the construction of an Infectious Diseases/Isolation Unit (IDU) at Ola During Children's Hospital (ODCH). This facility will be built on an approximately 1,400 m² plot adjacent to, yet clearly separated from, the main ODCH compound.

- 3.1 The contract comes into force upon notification of its award. The anticipated performance period begins on/in July and ends on/in late November 2026.

- 3.2 The Contracted Party performs the work/service linked to the plot of land located at 8.490740(Latitude) and 13.218562 (Longitude), Ola During Children's Hospital (ODCH) in the City of Freetown, Sierra Leone.
