

This architectural section drawing illustrates a building with a green facade, featuring a series of rooms and a central staircase. The drawing is oriented horizontally, with the building's length extending from left to right. The green facade is shown on the left side, with a vertical section cut through it. The building's structure is defined by a series of vertical lines, and the rooms are labeled with their respective functions and dimensions. The drawing includes a detailed view of the staircase and the green wall, as well as a section cut through the building's structure.
